RESOLUTION #2301

On a motion by Councilman Bartholomew and seconded by Councilman Creppel the following resolution was adopted:

A resolution urging the U.S. Secretary of Commerce and the U.S. Trade Representative to implement the existing measure to limit the overall volume of imported shrimp in America in order to ensure the survival of our domestic wild caught shrimp harvesters and American's access to wild harvested shrimp from domestic waters; and urging the commissioners of the International Trade Commission, when considering imports to include all forms of shrimp from all countries; and otherwise to provide with respect thereto.

WHEREAS, the influx of imported shrimp into America has resulted in the catastrophic collapse of the domestic shrimp industry; and,

WHEREAS, many boat owners/operators have been docked thereby creating significant challenges to our local economy and the countless individuals who rely on this sector; and

WHEREAS, the Northern Gulf of Mexico has historically been a thriving hub for shrimp production, with rich waters and a favorable climate creating optimal conditions for shrimp stocks and harvest, and

WHEREAS, import shrimp now dominates cold storage, distribution hubs and the American market at a level that voids the margin of the market the domestic harvesters are able to fulfill; and

WHEREAS, if action is not taken, not only will small family fishing business owners go under but, also businesses with which we conduct commerce with will go under.

Furthermore, working waterfront and land-based fishery infrastructure will be lost, thereby losing access to this wild caught food source; and

WHEREAS, the consequences of the inundation of imported shrimp into our markets has caused immense disruption and economic instability for our local shrimp producers, including risk of closure or already being shut down. The loss also extends to the loss of livelihoods and the socio-economic wellbeing of the communities reliant of this industry.

NOW THEREFORE, BE IT RESOLVED, that the Town of Jean Lafitte a municipal corporation domiciled in the Parish of Jefferson acting as governing authority of said town, urges the U.S. Secretary of Commerce and the U.S. Trade Representative to implement the existing measures to limit the overall volume of imported shrimp in America in order to insure the survival of our domestic wild caught shrimp harvesters and America's access to wild harvested shrimp from domestic waters; and urging the Commissioners of the International Trade Commission, when considering imports, to include all forms of shrimp from all countries.

BE IT FURTHER RESOLVED, the Town of Jean Lafitte is asking Jefferson Parish and local Municipalities to consider passage of this resolution.

BE IT FURTHER RESOLVED, that this resolution be forwarded to all of the following:
